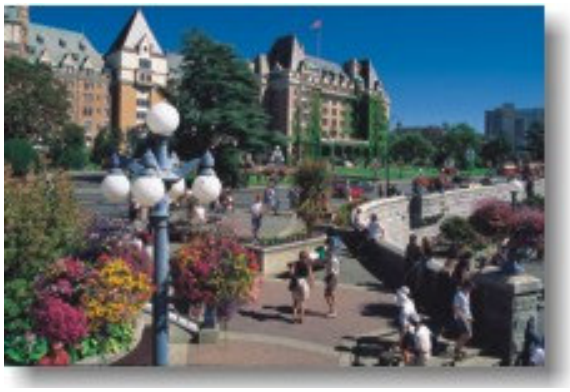
Victoria - Day Trip by Air, by Land & by Sea



"No city is further away from Britain – yet no city is more British" **Sarah Morgan**

Victorians have a passion for gardens, golfing, and greenery – and for civility. British influence is reflected in the shops along Government Street where you can hunt for linens, china, antiques, and woolens. Dozens of tearooms offer afternoon tea with cream puffs and dainty sandwiches.

As the crow flies, Victoria is only 25 miles away from Vancouver. However, getting there is a four hour overland journey by motor coach and by ferry through some of British Columbia's spectacular scenery.

We pick you up from your hotel and take you on a spectacular float plane ride from downtown Vancouver to downtown Victoria.

You have Victoria to explore until about 3:00 pm when our bus takes you to the famous **Butchart Gardens.** Entrance to the gardens and a 1.5 hour long visit are included in your ticket.

From the gardens the bus takes you directly onto the ferry. You will return to Vancouver by about 9:00 pm.

Our bus only option is also available. However, the time to explore Victoria is limited to about 2 hours.
