Vancouver – City, Nature & Orient

If you only have a single day to experience the city

Surrounded by mountains and the Pacific Ocean, Vancouver is a nature lover's paradise. A multicultural heritage makes the city one of world's most livable urban centers.

Discover Vancouver's many flavors and the rain forest around it on a personalized sightseeing tour in a comfortable minibus.

We show you the cities popular sights including –

- **Gastown**, This is where the city began. Meet Gassy Jack, it's very first citizen.
- **Chinatown**. Discover the city's Asian heritage on a walk through North America's largest Chinatown.
- **Stanley Park**. Explore the continents largest city park.

We take you across the forests of North Shore for a visit to the famous **Capilano Suspension**

Bridge. Only 5 ft wide and 450 ft long it sways 230 ft above the Capilano River. On the other side awaits you an ecological reserve and the **Treetop Adventure**, a walk on a 100 ft high scaffold along the enormous trunks of giant Douglas fir trees. The **Capilano Suspension Bridge** is also home to the largest private collection of artistically carved totem poles, an art form that is unique to the First Nations on the Pacific Coast. Native dances are held here daily throughout the summer.

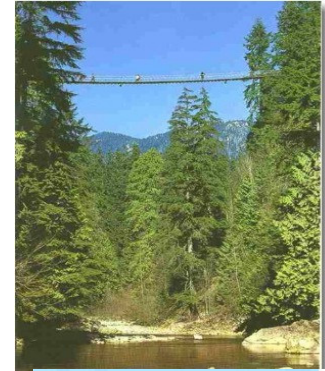

Just around the corner in Capilano Park you discover the fascinating lifecycle of the Pacific salmon at a unique rehabilitation centre, the **Capilano Fish Hatchery**.

Return to your hotel enriched and enlightened.
